

JET REPORTS 22.4 WHAT'S NEW?

IMPROVED USABILITY AND MODERNIZED UI

We are pleased to announce the availability of Jet Reports version 22.4, which includes usability enhancements and UI updates.

Highlights include:

- Upload capability to Microsoft Dynamics 365 F&SCM
- UI Updates

Usability Enhancements

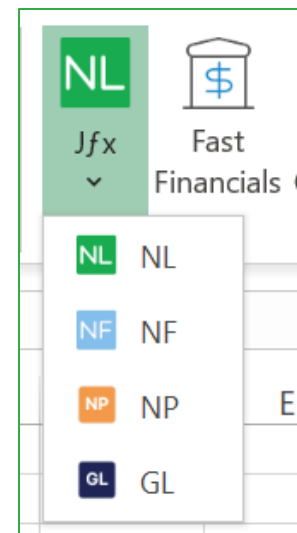

➤ Upload Capability to D365 F&SCM

Jet Reports users will now have an easy and efficient way to upload master records, journals, and transactional data directly to D365 F&SCM from Jet Reports via a separate Excel ribbon.

UI Updates

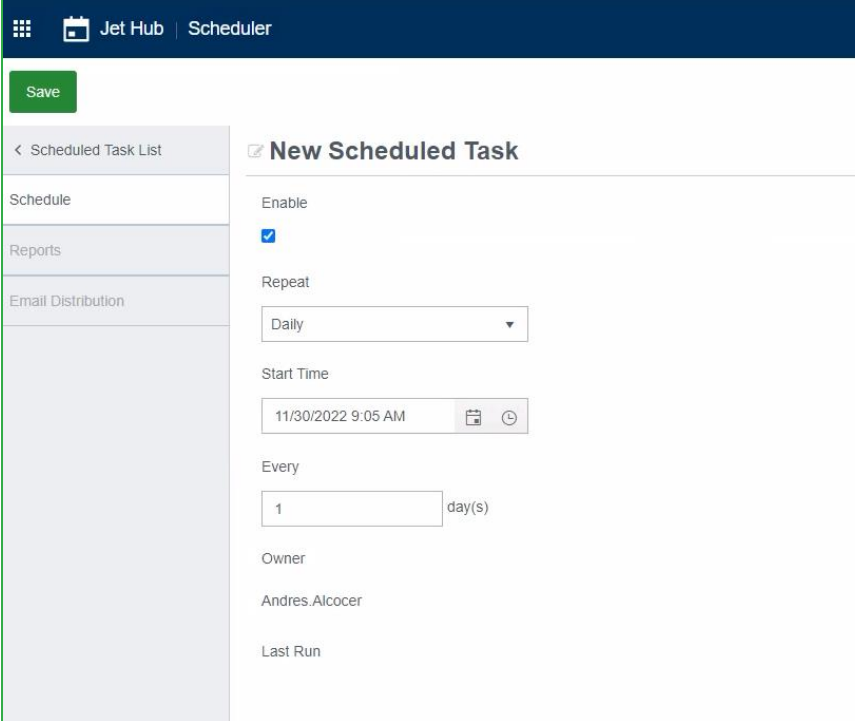

➤ Jet Reports Ribbon

The Jet Reports ribbon has been updated to a cleaner, more modern look and feel to create a more intuitive user experience.

> Colors and Icons

Jet Reports users will experience a variety of look and feel updates, including updated colors and icons.

The screenshot displays the 'Jet Hub | Scheduler' interface. On the left, a sidebar contains a 'Save' button and a navigation menu with options: '< Scheduled Task List', 'Schedule', 'Reports', and 'Email Distribution'. The main content area is titled 'New Scheduled Task' and includes the following fields:

- Enable:** A checked checkbox.
- Repeat:** A dropdown menu set to 'Daily'.
- Start Time:** A date and time picker showing '11/30/2022 9:05 AM'.
- Every:** A text input field containing '1' followed by 'day(s)'.
- Owner:** A text field containing 'Andres.Alcocer'.
- Last Run:** A text field, currently empty.
